Santa Cruz Youth First Hunt Victim In Local District

Investigation Is Started To Learn Who Fired The Fatal Shot

Albert Victorio Locatelli, 17, Santa Cruz, was killed almost instantly Sunday morning in a hunting accident on Juniper Hill near Hirschdale.

The victim was hunting with his two brothers, Batista and Michael and Wilson Mells, all of Santa Cruz and was leaning against a large rock when a well-spent high calibre bullet struck him in the right arm and right side.

The three were reported by Deputies Sheriff Roy Waters and Emery Lander to have been hunting on posted land.

A large number of hunters were scattered throughout the vicinity and it was impossible to determine immediately who fired the fatal bullet, although it was presumed to have traveled some distance before striking the youth.

The body was taken to the Truckee Colonial Mortuary and Monday removed to Santa Cruz for funeral services.

The mishap occurred about 7:30 a. m. Sunday and officers were hampered in their investigation by the fact that the two brothers could speak only a little English.

Dr. Wyatt Indicted By Reno Grand Jury

RENO — The Washoe County Grand Jury last week returned an indictment against Dr. Thomas B. Wyatt of Crystal Bay, charging him with attempted abortion.

He was later arraigned before District Court Judge Clel Georgetta and asked for additional time to enter a plea. The doctor was represented in court by Attorney Sam Frankovich. His $10,000 cash bail was continued pending his next court hearing on September 29 at 10 a.m.

Dr. Wyatt was arrested by members of the Washoe County Intel ligence Squad on August 11 after his Crystal Bay home had been under surveillance for some time. Two female investigators who entered the home shortly before his arrest said he was found in the operating room.

Assistant District Attorney Drake DeLoanoy said, following the doctor's arrest, his home contained several rooms equipped for child deliveries and abortions.

The doctor was originally slated for a preliminary hearing in the justice ocurt last Thursday but the date was vacated with the filing of the indictment and his arraignment in district court.

The grand jury met for several hours last Tuesday night and again Thursday morning questioning the witnesses before returning the indictment.

The county's intelligence unit reportedly worked closely with the California Board of Medical Examiners in investigating the charge against the doctor. He allegedly attempted an abortion on a woman identified as Gladys Jose.

PUBLIC IS INVITED TO OPENING OF BUILDING

The public is cordially invited to attend the official opening of the new Placer County building at Lake Forest tomorrow morning at 11 o'clock.

Lt. Robert Moustris of the sheriff's department on behalf of his department as well as other county officials who will occupy the new structure, is anxious that the people of the area see and inspect the new jail and office building.

It is believed the new building will be of great service to the residents of the North Tahoe area.

In the past prisoners from the eastern end of Placer County have been held in the Truckee jail and those desiring county services have been required to travel to Auburn. The new building will eliminate this travel and time-consuming practice.

Quincy Wins Both Games Played As Season Is Opened

Saturday the Wolverines of Tahoe Truckee High School opened their 1960 football season with a 12 to 6 defeat at the hands of Quincy. The local high school opened the scoring on a 15 yard run by Right Half Paul Young, but were unable to hold the lead as Quincy Quarterback Greg Hochenson scored twice. One score came at the end of the second quarter on an end run and the other on a 2 yard plunge midway in the fourth quarter.

The game was extremely well played for this early in the season. Extremely impressive was the defensive ability of the middle of the line and running of halfbacks Paul Young and Dave Decker.

In the Junior Varsity game before the main event, the Quincy boys won over Tahoe Truckee by a 13 to 0 score in a fast, well played contest.

This Saturday, October 1 the Wolverines will entertain Winnemucca in their first conference game at 2 p. m. on the home field.

Chamber Delays In Incorporation Case

President Lee Apple of the Truckee Donner Chamber of Commerce yesterday delayed until the next meeting the appointment of a committee to study the statement by District Attorney Harold Berliner that Truckee is an incorporated town.

Berliner suggested that an attorney be retained to look into the legal aspects of the case.

In other action, the chamber voted to ask the board of supervisors to retain the present zoning ordinance until such a time as a more adequate law can be enacted.

The signs to be installed at the east and west approaches to town were shown by the artist, William Englehart and given chamber approval.

Cecil Edmunds read a letter from the division of highways offering cooperation with the chamber in selecting a suitable name for the new freeway over Donner Summit. It was pointed out in the letter that the designation "Highway 40" will be discontinued as soon as "Freeway 80" becomes better known to the traveling public.

PROWLERS BREAK IN BRUCE GROW HOME

Officers are investigating the the burglary of the Bruce Grow home, recently moved from the old quarantine station area to near Polaris. A screen was slashed by a knife and a heavy object used to break a window. Although nothing was apparently stolen, a number of burned matches were found in the bedroom, indicating the prowler may have spent some time in the unoccupied dwelling.

YOUTH THREATENED BY STATION PROWLER

Charles Metcalf, 15, an attendant at the U Save Service Station experienced a real fright last week when an armed man approached the station apparently for the purpose of robbery.

Metcalf locked the station door and the prowler turned off the outside lights, about the same time that a car drove into the station. The youth ran to the car for help and had the driver take him to the CHP office.

Officers returned to the station but found no trace of the intruder.

Two Fires Quickly Extinguished In Truckee District

Hunters, Firemen Prevent Major Blazes In This District

Due to the alerntess and intensive patrol maintained by the forest service and the care exercised by the hunters themselves, forest fires in the Truckee district were kept to two incipient blazes, District Ranger Roy Saarni reported.

Both fires were close to Truckee.

In the first, it was evidenced that hunters may cause fires, but are also very capable of controlling them. M. L. Jennings of Sacramento, Gilbert Kumle and Jack Neugebauer of Truckee were hunting in the vicinity south of the Joe Joerger ranch when they spotted a fire in an old dead log.

While Neugebauer drove to alert the forest service, Jennigs and Kumle applied the shovel and kept the flames down until the suppression crew arrived. This occurred Sunday.

It is believed that a hunter may have rested on the log and left a burning cigarette butt which flared up in the wind.

The second fire was discovered by Cal McKinley at the northeast corner of the new Truckee golf course, Monday about 2 p. m. In powder dry grass and brush, the fire quickly spread to nearby trees and was getting a good start when the suppression crew and the Truckee Volunteer Fire Department arrived with a score of willing helpers and brought it under control with a loss of half an acre.

Saarni said the patrol was divided into 11 units and that all camps in the area were visited. A number of citations were issued for improper camp fires.

ACCUSED CAR THIEF NABBED BY PATROL

Arthur R. Zabracky, Cleveland, Ohio, was being held for San Francisco police following his arrest at Donner Lake Monday night on a charge of car theft.

Noble Beery of Helgren's called the California Highway Patrol and a short time later the suspect was apprehended by Patrolmen James Stramback and Wayne Hopkins. Officers said he admitted stealing the car.

SUNBEAMS

By WALTER M. BARRETT

We have always had the highest regard for the Truckee Volunteer Fire Department, but this regard was placed on an even higher scale this week when the efforts of the volunteers were shown close to home. The fire at the Olympic Coffee Shop and Sierra Sun had the firemen right in our baliwick, so to speak, and we had a chance to see them in action close up. Believe us, there was nothing lacking in their courage and ability. They tackled the problem like veterans and within minutes had the situation in hand. Truckee really owes its very existence to the fire department which many times has stopped a fire in its infancy when it might have developed to such proportions that the town would have been destroyed. A community vote of thanks, we believe, is in order.

Injuries In Mishaps Send 6 To Hospital

Three personal injury motor vehicle accidents which sent six people to the Tahoe Forest Hospital for treatment were reported by the California Highway Patrol for Sunday.

At 8:20 p. m. Thomas P. King, 45, Truckee was injured on the ramp just east of the McIver home when he was forced off the road by another car which did not stop. King was east bound on Emigrant Way when the second car made a turn onto the ramp from the opposite direction without signalling. King was forced to turn up the ramp to avoid a headon collision and in so doing lost control and the car went over the bank.

The other two accidents occurred on the Truckee-Kings Beach cutoff.

Walter Munnery, 22, Tahoe City and Sandra Lee Fouch, 16, Sparks, were hospitalized after he lost control of his motorcycle one and a half miles north of State Route 28 on the shortcut, at 3:20 p. m. Sunday.

Four people were injured at 5:20 Sunday evening when the car driven by Armin G. Baron, 28, Berkeley left the shortcut two-tenths of a mile south of River Street in Truckee and crashed into a utility pole.

Besides the driver, those injured were Anna Rose Roitboat, 29, Oakland, Lena Shapero, 41, and Ralph Gutmacher, 34, both of Berkeley. The driver was cited for speeding.

Huge Throng Pays Final Tribute To Officer Sheehan

Heart Attack Is Fatal To Veteran Local State Patrolman

More than 400 friends Tuesday morning attended last rites at the Corpus Christi Church at Tahoe City for Thomas Francis Sheehan, 48, popular member of the Truckee squad of the California Highway Patrol, who expired at 5:30 Saturday morning at a Reno hospital.

Alvah Hooper of the Truckee Colonial Mortuary, who had charge of arrangements, said it was the largest funeral ever held in this community.

Sheehan, who was stricken by a heart attack at his home at Lake Forest September 14, was apparently on the road to recovery when a second attack occurred. He had gone from the Tahoe Forest Hospital to Reno on Tuesday.

A native of New York, Sheehan was born February 12, 1912. He spent his younger life in Los Angeles and was a member of the fire department there before joining the highway patrol 23 years ago. He had been with the local squad for nearly 20 years and was one of the most popular officers in the state.

He is survived by his wife, Pauline and three sons, Daniel Paul, Thomas Patrick and Joseph Francis, all of Tahoe City.

Father James Mulligan of the Catholic Parish celebrated high mass and interment was in the Tahoe City cemetery.

Members of the Truckee patrol squad were the pallbearers and between 65 and 100 patrol officers from all over the state, including former Chief E. Raymond Cato and Inspector Harvey Blackwell, both retired, attended the rites along with scores of other peace officers from California and Nevada. The members of the Elks Lodge attended in a body to pay last tribute to one of their favorite officers.

The floral tribute at the cemetery marked well the high esteme in which Officer Sheehan was held. The entire community joins in expressing sympathy to the fine family.

Capital Hunter Is Winner With Big Buck In Contests

There was nothing spectacular about the opening of the buck season in this district, although a large number of hunters flocked to the area and returned home with a better than average number of bucks.

The largest buck registered in the Truckee Outdoor Sportsmen's first annual buck derby was brought in by Randy Burky of 712 Glide Ave., Sacramento. It weighed 176 pounds, exceeding one killed by James Gardner of Truckee by four pounds.

The prize, a 30-30 rifle, was awarded Sunday evening and the winner was notified. This week's award is on display at the Truckee Mercantile and includes a sleeping bag, a sportsman's lantern, and air mattress and other items.

Mrs. Edith Welch, secretary of the Sportsmen's Club, said a large number of deer were weighed and registered for the contest which is open to everyone. The success this year has indicated the affair will be a regular program and plans are already being made for next year's derby.

This week's award will be made Sunday evening at 8:30 at Bud's Sporting Goods.

Fire Threatens Two Local Businesses

The fast and effective work of the Truckee Volunteer Fire Department Tuesday morning prevented what could have been a most disastrous fire in the heart of the Truckee business section.

Starting on a burner in the Olympic Cafe, the fire spread quickly to a grease trap above the stove and then down a ventilator into the basement of the Masonic building.

The fire spread rapidly in the dry basement and came up through the floor of the Sierra Sun office. The fire under the floor was noted by Lintoype Operator Joe Feldstein and an extinguisher was quickly applied by Les Grow, holding the blaze in check until the fire department arrived.

Assistant Chief H. L. Owens directed the fire fighting operations and within a short time the flames were extinguished.

Most of the damage was confined to the Olympic Cafe but was held to a minimum by the firemen.

George Carter said he hoped to have his Olympic Coffee Shop in operation again by Friday of this week.

BOUNDARIES OF CITY EXPLAINED BY WEBB

Sidney J. Webb of Orinda, whose research in incorporated cities resulted in District Attorney Harold Berliner's announcement that Truckee is actually an incorporated town under an Act of 1856, has called attention to an error in the published boundary description of the town.

The actual boundaries as designated and reported by Webb are as follows:

The south half of the southwest quarter and the south half of the southeast quarter of Section 10, the south half of the southwest quarter and the southwest quarter of the southeast quarter of Section 11, the northwest quarter of Section 14, the north half and the southwest quarter of Section 15, and the southeast quarter of section 16, township 17, north, range 16, east, Mount Diablo Base and Meridian.

The previous description did not include the main part of Truckee and separated the town into two parts, which was in error.

Fugazi Is Named By Court To Aid Accused Slayer

Fitzgerald Is Arraigned In Truckee Court; Will Face Grand Jury

Judge F. W. Wilson of the Truckee Judicial District Court yesterday appointed Robert Fugazi, local attorney, to represent the accused slayer, Stanley William Fitzgerald following the latter's arraignment here.

Evidence in the case will be submitted to the Nevada County Grand Jury. Fitzgerald was brought to Truckee by Sheriff Wayne Brown and Undersheriff Frank Gallino for the arraignment.

District Attorney Harold A. Berliner said he will ask for the death penalty for Stanley William Fitzgerald.

The 39 year old salesman is accused of killing one drinking companion and seriously wounding another and robbing them of approximately $800 near Truckee, August 3.

The dapper murder suspect wearing a black and yellow striped sports shirt, gray trousers and a narrow brimmed hat was booked in the county jail Friday night after being arrested Wednesday in Portland, Oregon, by federal bureau of investigation agents.

Berliner said he will seek the aarrignment of Fitzgerald before Judge Fosten Wilson in the Truckee Judicial District Court.

He described the killing of George Bonn and the wounding of Milton Young as a brutal murder and robbery deserving the death penalty if Fitzgerald is found guilty.

Fitzgerald chatted cheerfully with officials and reporters but declined to discuss his actions August 3 or since that time.

He said he has no money and will ask for a court appointed attorney.

Fitzgerald was brought to Nevada City by Sheriff Wayne Brown and State Agent Kenneth Horton.

The trial will be the first time Nevada County has followed the new court procedure in which a jury decides guilt or innocence and then reconvenes to deliberate on the penalty.

The murder suspect was arrested after being placed on the FBI listing of the 10 most wanted men.

Fitzgerald had been traced from Reno to Colorado Springs, Colorado and from there to Portland by FBI agents. Following arrest he was arraigned in Portland on charge of unlawful flight across a state line to avoid arrest. His bail was set at $15,000 which he was unable to raise. He had been living in Portland under the name of Ralph Johnson. A loaded .22 pistol was found in his brief case.

Fitzgerald waived extradition and returned peacefully with Brown and Horton. So far Fitzgerald has made no formal statement. He did indicate in Portland that the shooting was a result of a drunken brawl involving all three men.

The proposals will be discussed when the commission meets in Sacramento October 4. The meeting is set for Senate Room 3191 of the State Capitol Annex beginning at 9:30 a. m. at which time the commission will hear recommendations from the public as well as the Department of Fish and Game.

FREEHOLDERS MEET TO DISCUSS ISSUES

TAHOE CITY—A largely attended harmonious meeting was held Tuesday evening in the Tahoe City Community Center with the Placer County freeholders who came to receive the views of the local people on the proposed charter.

Paul Claiborne of Auburn was chairman of the discussion during which citizens asked questions and were asked to submit recommendations. It will take a year to frame the contemplated charter, they were told.

Sheriff Scott was also present to extend an invitation to attend the opening of the Placer County building at Lake Forest.

BALLOONS GIVEN BY LOCAL OIL STATIONS

Both political parties will get a unique helping hand from Standard Oil Company of California during the weeks preceding the election.

"We believe that democracy works best when everybody participates . . . even the youngsters," said G. Wayne O'Brien, regional manager, Standard Oil Company of California.

For that reason, starting September 15, youngsters and adults are being given free campaign balloon kits at all Standard Stations and Chevron Dealers.

From the kits, colorful elephants or donkeys can be made by pasting cardboard features on the preshaped balloons.

"Remember the strongest curtain in the world today is not made of iron—but of cloth. It's the Freedom Curtain behind which we vote," said O'Brien. "Our future depends on keeping it strong."

TAHOE TRUCKEE SCHOOL NEWS

TRUCKEE ELEMENTARY

KINDERGARTEN: We opened our door to 38 eager kindergarteners. We have 15 boys and 23 girls. We have already celebrated two five-year birthdays, that of Christine Smisek and Dawn Golonka.

FIRST GRADE: On a recent arithmetic test these children received a very good score: Sonia Sandoval, John Laugenour, Carrie McKinley, Carol Bunt, Katharine Funk, Dan Russell, Billy Stark and Phillip Grow.

FIRST AND SECOND GRADE: New students in the classroom are Pat Buchanan, Tim Holloway, David Stone, Sharon Hill, Valerie Miller, Maryy Ellen Bell, Connie Baker, Jean Carlile, Sandra Clark, Beverly Metz..

Team captains are chosen for the month of September. For the boys, Dennis Walker and Homer Owens were selected. For the girls, Jean King and Patsy Goldsmith.

Those making 90 per cent (B) to 100 per cent (A) are: John Atkinson, Kathy Braasch, Mike Snow from the sixth grade; Laurel Mason, Fosten Wilson from the seventh grade.

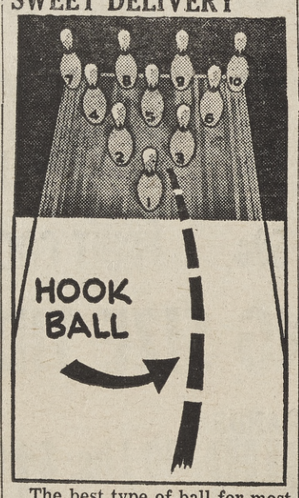
STRIKES & SPARES

BY JOE WILMAN

THE HOOK IS A SWEET DELIVERY



The best type of ball for most bowlers under all conditions is the hook ball, which is illustrated today.

It has the hooking action that drives the ball into the 5-pin after striking the 1-3 pocket.

It doesn't require as much finger lift and wrist turn as the curve ball and is easier for most bowlers to roll and control.

There are several different ways to roll a hook ball which also makes it easier for most bowlers.

At my instruction clinics, the question I run into most often is, "How can I roll a hook ball, Joe?"

Before I think a bowler should work on a hook ball, however, I think he should have his fundamentals (footwork, arm swing and timing) down pat, and he should also be able to control a straight ball. Once a bowler has reached this point, he or she is ready to develop a hook ball.

You can see the path of the hook ball in the illustration. Released betwen the center and the right side of the alley, the ball rolls down the alley in a fairly straight line. Before it reaches the pins, however, the ball's hooking action takes over and moves it into the strike pocket at a fine angle. This produces the pin action that's necessary for strikes.

That true power belongs to God, not to matter, is a central theme of the Lesson-Sermon entitled "Unreality" which will be read at Christian Science services Sunday.
Scriptural selections will include the following: "God is our refuge and strength, a very present help in trouble. Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea" (Psalms 46:1,2).
From Science and Health with Key to the Scriptures by Mary Baker Eddy this will be read (192: 11-13, 17-19): "Erring power is a material belief, a blind miscalled force, the offspring of will and not wisdom, of the mortal mind and not of the immortal . . . .
"Moral and spiritual might be long to Spirit, who holds the 'wind in His fists;' and this teaching accords with Science and harmony."

DONNER DOINGS

By VIRGINIA O'BEAR

The busy firemen here at Donner have the front entrance of the fire house all blacktopped and not only does it make it more attractive, it is much more practical with winter just around the corner. We have Shorty Harris especially to thank for this recent improvement on the fire station as he put in a hard day's work Sunday.

Property owners at Donner Lake received notices last week from the Nevada County Planning Commission informing them of two very important hearings scheduled for October 10 and October 23, each starting in the evening at 7:30 in the supervisors room at the court house in Nevada City. The commission will hold public hearings on a resolution for creation of proposed zoning for Donner Lake. The meetings are being held in order to comply with certain legal requiremnts and all interested persons should attend this meeting if possible.

The board meeting of the Ladies Auxiliary will be at the home of Mrs. Rex Reid on Monday, October 17. The Auxiliary of the Donner Lake Volunteer Fire Department will have a potluck on October 29 instead of a regular meeting and it will be held at the old Truckee Elementary School. This event is for the firemen, the auxiliary and their families. It will be a Halloween party with costumes optional, but I am sure all of the children will enjoy dressing up as well as some of their parents. There will be games and prizes for the costumes so reserve Saturday, October 29 for your Halloween party and potluck. Hours are from 6 p. m. to 9 p. m. at the old school house.

Mrs. Ozella Slate spent a few days in Rodeo last week visiting with friends and relatives. Roy stayed home and held down the motel while she was away.

* * *

Mrs. Richard Walker took advantage of her week vacation to just putter around and rest. Jean works at the Bank of America in Truckee and reported back Monday morning rested and said she enjoyed staying home and not going anywhere on her vacation.

* * *

Mr. and Mrs. Anthony St. Claire returned home this week after spending a week on their ranch in Idaho. Since their return, they have been busy working in their beautiful yard getting it terraced and putting in a lot of rock work. Claudia said she would be very happy when they get a lawn in front.

* * *

Mr. and Mrs. Hank Slack have returned after taking their annual vaaction with the Merle Starks of Grass Valley. Every year the two couples take off for the coastal area and this time they went to Monterey and Carmel, spending a week visiting the missions and going deep sea fishing. Dorothy said the weather was nice and that they had a lot of fun and got some fish, too.

* * *

Dick Hormanski decided he would "head for the hills" to spend his vacation and get away from it all. He is camping out somewhere near Crystal Peak and wants to get away from people and his busy life at the Donner Trading Post. It is a good thing the weather has been so nice as it will be more enjoyable for this rugged vacation Dick has chosen.

* * *

Mr. and Mrs. Danny Brack are moving back to Healdsburg this week and I am sure the auxiliary members will miss Rosalie very much. Danny's father George will stay and operate the Cottage Pines Motel. Danny and George went hunting over the weekend with six other men and between the eight, six of them got their buck. George piled them all in his jeep and brought them down to our place so we could see them. The men went hunting via horses over the mountain, so guess everyone will be asking George where to go.

NORTH TAHOE

By JUDGE HARRY CHARRISON

PASSES

It was with deepest regrets and sorrow that we learned of the passing of our former Highway Patrolman Tom Sheehan. It was always a pleasant moment when our friend came into our courtroom. To say that he will be missed by everyone one the north end of Tahoe is a decided understatement.

WEATHER

Beautiful, Sunday, the Crystal Bay Club Golf Tournament was played, greens were beautiful. Sorry to have missed last weeks column. I would say if you have an important letter to be mailed, mail it yourself.

BUSSES

Counted 15 that got to Crystal Bay today, what a view the passengers must have had as the lake was delightful.

DEER

The season in our area got off to a good start on Saturday as usual Billy Martin came to my home very proudly showing off a swell deer from Mt. Baldy. Then Henry Crawford, Ernie's brother from off Truckee shortcut. Then Sunday came Lena Fulvio, then Joe Dulce, Ronnie Baker who beat his old brother, Stanley and his dad, Fred. He had a dandy. All of which were validated and went merrily on their way.

MOVING

The Bakers, owners of the Golden Deer Motel, are leaving for Sacramento for the winter. Baker has been appointed the new building inspector for Auburn.

VISITING

Sam and Ruby Faulkner made a visit to Sacramento and the bay area for business and also to see the game over the weekend.

RETURNED

So nice to see Alice and Lloyd Hall returned to their home on Midiron. They have been away from here for about a year and say they hope never to leave again from Kings Beach.

SHRINERS

Over the weekend the Crystal Bay Club were hosts to Ben Ali Shriners and their ladies. Several buses came up and a good time was had by all.

VISITORS

Warren and Drexel Strahm had an unexpected visit from their dentist and wife, Dr. Chars. Karazan of Los Angeles. They were on their way home from an extended trip through Washington, Oregon, Idaho and Utah.

PARTY

A delightful going away party was given by Sam and Audrey Harrison at Babe and Harv Klitzkes home for Warren and Drexel Strahm. The Strahms are flying to Los Angeles for Warren's retirement dinner to be given by the Pacific Telephone Co. They hated to leave our beautiful country, even for a few days. They will return to their Kings Beach home October 1.

BRASSIE AVENUE

After all those months of discomfort, we have a beautiful hardtop road—and I mean a real road, carefully planned with a good, strong bed that should last for a few years at least. We congratulate the men responsible and it is appreciated by all who live on the golf course loop. What a change from dissatisfaction to real appreciation. The residents of what we call the golf course loop, had a celebration and dedication of our new hard-top road. It was a wonderful gathering of young and old alike. The next problem is speed of cars whose owners already believe it was built for their benefit to use as a race track.

Last Sunday on the golf course loop it was a real Thanksgiving. Just about 100 persons gathered to give thanks for the excellent road. Ray Whitton was the MC and there was square dancing and games enjoyed by young and old. Refreshments galore. Dallas Hughes gave a delightful invocation and altogether it was a real affair. Those taking part also included John S. Corbin and Mrs. Corbin and Katy, Lee Denton, Billie Baxter, Alice Hall, Betty Wright and Mr. and Mrs. Lehnert. A vote of thanks to the supervisors for an outstanding job well done.

BANQUET

A big banquet was held by the North Tahoe Rotary Club, augmented by members from West Sacramento, led as in the past years by Lee Wilcox of Kings Beach. Once again my wife and myself were guests at the affair which was really out of this world. The meeting was ably presided over by President Don Barkhurst.

FRATERNITY PLEDGES

Students from the Truckee, Lake Tahoe vicinity at the University of Nevada who were recently pledged to fraternities of the school include Marty Kumle of Truckee; Alpha Tau Omega; Merrill Englehart of Truckee, Richard Mizner, Kings Beach and Woody Ribal, Lake Tahoe are pledges of Lambda Chi Alpha.

THANKS

In giving thanks for prosperity, Indians once hailed our state flower

GOLDEN MOMENTS

In California history—an Indian legend has it that the golden poppy restored warmth and plenty to the land.

In California life—a modern symbol of prosperity is beer, the beverage of moderation. Over 7,800 Californians are now employed by the Brewing Industry. Many more earn income in industries closely identified with brewing—one more reason why beer means better living for all in the "Golden State."

DONNER SUMMIT NEWS

By LLOYD W. GAY

HOSPITALIZED

Dale Thornton of the snow lab entered the Tahoe Forest Hospital Friday for treatment of a slipped disc in his back. He is expected to be hospitalized for four or five days before returning to the lab.

DOG REPORTED LOST

A valuable German shorthaired terrier was reported lost in the Castle Creek basin on Saturday by Henry F. Cook. Cook, of Yuba City, was deer hunting in the area. He requested that anyone finding the dog, answering to the name Brownie and wearing a choke chain, please notify him immediately.

HUNTING SEASON OPENS

The long awaited opening day of hunting season came for our city dwelling sportsmen last weekend judging from the congestion of both U. S. 40 on Friday, and in the forest on daybreak Saturday. An amazing number of war-weary and hunt-happy jeeps passed through Soda Springs, being towed to the hunting areas behind automobiles or pickups. The department of fish and game warden on the deer checking station at Lake Van Norden thought that the opening weekend was about average. He checked out 43 deer and three bear over Saturday and Sunday, with the majority coming from the area between U. S. 40 and the North Fork of the American River. It is interesting to note that the department of fish and game annually collects the jawbones of deer killed on opening day weekend in order to determine the age classes and condition of the animals killed. The Big Bend Ranger Station reported validating 65 deer and one bear. All four bear came from the Onion Creek drainage. Francis Dragoo, the district dispatcher, reported that the largest deer checked through Big Bend, had five points on one side and four on the other, was killed close to U. S. 40 behind Pratt's Garage in Soda Springs.

For an interesting comparison as to size, Charlie Osburn said that the winning deer in the Truckee Buck Derby last week killed by a Sacramento hunter and weighed 176 pounds.

FIRE DANGER HIGH

The burning index for the western slope forests remained high at the Big Bend Ranger Station, despite somewhat cooler weather. The fire suppression crew extinguished a small fire at Lake Sterling that apparently had been built as a warming fire and then abandoned. Another small fire flamed up in Jones Valley and was judged to be a 'sleeper' from the lightning storm of three weeks ago. The high fire danger, combined with the large number of people using the forest make this hunting season a critical one. As an interesting note, a study of man-caused fires throughout the state by the forest service showed that nearly 60 per cent were caused by local residents, despite the greater numerical use by non-residents. The local displayed much better knowledge of the fire regulations than did non-residents, however.

NEW SERVICE STATION

Work is progressing on a new service station being erected near the Kingvale interchange by Stuart Wells.

HOTEL CONSTRUCTION

The Patio and sundeck being constructed by Bill Cannon on the southwest side of the Soda Springs Hotel is taking shape, and will be finished by fall.

LEAKE SAYS NEWSMEN MAKE GOOD OFFICIALS

SACRAMENTO—(CNS) — Paul R. Leake, member of the state board of equalization and Woodland publisher, has told a panel of newspaper publishers that newsmen are well fitted for public office and more of them should try it.

Speaking at a forum of weeklies at a California Newspaper Publishers Association meeting in Berkeley, Leake said the sharp mental faculties of the average newspaperman, and his agility in simplifying complex problems are highly desirable attributes in the government executive.

"The newspaper business has produced its share of misfits," Leake admitted. "But to a far greater extent it has produced fine Americans—able to dig out truth, smoke out lies, unmask fraud, and turn the spotlight on crime and corruption."

Leake said there has been a rapid growth in the number of newspapermen who have been drawn into public service in California in recent years. He said it was true that newsmen in politics occasionally had taken themselves too seriously or used their professional influence as a political blackjack.

"These occasional oddballs do us a service," he said. "They keep our haloes from giving us a headache.

"Every now and then, newspapermen, in or out of office, should pause to adjust their haloes," Leake said. "They carry around a lot of power.

"Whether they hang up their weather-beaten hats in Hometown or Sacramento, they belong to a fraternity whose password is the welfare of the public," he said. "But whoever and wherever they are, we need more of them in public office. They don't sell out."

SOROPTIMISTS HOLD COSTUME GATHERING

KINGS BEACH — Soroptimist Club of Lake Tahoe members met for a dinner and social evening, September 27 at Crystal Bay Club when the women arrived in costume typifying their profession ambitions as teen agers. Mrs. Marie Henry as a railroad fireman and Mrs. Audra Holmes as an archaeologist were presented with awards for their detailed presentation of their chosen vocations although the many and amusing costumes made the selection of the winners not an easy choice.

Micky Mandeville took pictures of the group and Barbara Braessler of the Kings Beach Bowl was a guest.

Mrs. Blanche Donaldson presided during the business session when plans for the October wine tasting party were discussed. This will be held in the club from 7 to 9 p. m., the group will meet for a noon luncheon on the same day and place.

168 ATTEND MEETING OF P.T.A. AT TAHOE

TAHOE CITY—One hundred and sixty-eight parents and teachers attended the PTA meeting held Wednesday night, September 21, at the Tahoe Lake Elementary School. The meeting was presided over by President Max Hoff.

The organization voted to pay for uniforms for the school safety patrol and the annual class Halloween parties.

A great interest was shown in the elementary school's winter sports program. Also discussed at this meeting were plans for school landscaping and a fund raising ham dinner.

NEW POLICY WILL BE STARTED BY LODGE

Lake Tahoe's biggest all-year hotel-casino, Nevada Lodge, announced a new policy this week.

There will be dinner-dancing every Saturday night in the Nevada Room, theatre-restaurant of the Nevada Lodge, according to Carlton Konarske, general manager of this resorte, located at the north end of Lake Tahoe.

Dining, plus dancing to a sparkling line-up of fine bands will be in the Saturday entertainment spotlight throughout the fall, explained Lodge officials.

Currently appearing in the Nevada Lodge Theatre-bar are the Allegros and the Nock-A-Bouts.

DUTCH FLAT FIRM IS LOW BIDDER ON JOB

Don Da Roza, Inc., of Dutch Flat, Placer County, was low with a bid of $848,486 to complete the state highway division's Whitmore Maintenance Station near Baxter.

Included in the project are five new buildings, including a three story dormitory with dining facilities for 68 crew members who will maintain U. S. Highway 40 when it is relocated as a freeway over Donner Summit.

157 DEER TAGS ARE TURNED IN BY TUES.

The Tahoe Forest Service office reported that by Tuesday noon 157 deer tags had been turned in, an official count to that date of the number of deer killed in the region.

Henry Toccalini said that the total number could not be calculated until later in the season but at present, the kill is less than last year about the same date.

COMPACT GROUP IN WATER AGREEMENT

RENO — Members of the California-Nevada Interstate Compact Commission Thursday agreed "in principle" on a division of Lake Tahoe basin water rights.

A commission spokesman said the agreement called for a 23,000 acre-foot allocation annually to California and 11,000 acre feet to Nevada.

Earlier the allocations were discussed in terms of percentages, but the joint membership agrees to discuss the apportionments in acre-feet instead.

Nevada came into the meeting seeking an annual 11,500 acre-foot allocation, but dropped the added 500 as "a compromise."

Commissioners also came to terms in permitting the final contract to retain existing water use demands. This includes all federal uses, which will be charged to the state in which they are drawn.

Broad clarification of usage allocations in the Tahoe, Truckee and Walker River Basins was delayed pending settlement of legal details, but the spokesman said there was no immediate indication of controversy in this area.
